Top 5 Insights with Visuals

- Sales show an upward trend**
Monthly sales increased significantly in the later months, peaking around October–December.
- Technology leads in sales**
Technology is the highest contributing category, followed by Furniture and Office Supplies.
- Top products drive significant revenue**
The top 10 products contribute a large share of total sales, with GBC DocuBind TL300 being the highest.
- Key customers contribute heavily**
Top customers like Joseph Airdo and Pete Kriz have significantly higher purchases than others.
- Regional variation in sales**
Certain states (e.g., West and East regions) show higher sales compared to others, indicating regional opportunities.

3 Business Recommendations

- Focus on high-performing categories**
Increase inventory and marketing efforts for Technology products, as they generate the highest sales.
- Strengthen customer relationships**
Introduce loyalty programs and personalized offers for top customers to retain and grow their business.
- Optimize regional strategy**
Analyze high-performing regions and replicate successful strategies in lower-performing areas to increase overall sales.

"Data-driven decisions create real business impact."
